

At a recent Ontario Federation Executive Meeting the topic of the SD License plates was discussed.

At a time when we are trying to bring square dancing back again, it might be good to promote the idea of the SD Licence Plate. It's one way to make dancing more visible, and is noticed by the general population. Can you include the following in your publication, so as to inform your readers.

Thanks
Dan Roy
Ontario Square & Round Dance Federation
President

Promotional Idea

The topic of Promoting Square Dancing has come up many times. An easy way to do that is by owning a Square Dance License Plate

You can purchase a "Square Dance" Graphic license plate for your vehicle! Funds from the sale of these Graphic license plates (\$82.15) helps the Ontario Federation to promote square dancing in Ontario. These plates can be requested from your local Service Ontario office. Plates can be serialized or include requested text (Restriction Apply).
